HSMS Values in Action @ Home

Wb 9th June 2025

Zoos, aquariums and safari parks in Great Britain will soon have to follow new rules to help them take better care of animals. These rules say that animals must have bigger and better spaces to live in. The changes will help many different animals, including elephants, stingrays, snowy owls and octopuses. Elephants, in particular, will be given much more room to move around and explore.

Things to talk about at home ..

Have you ever visited a zoo? Talk to someone at home about their experience.

If you could design the perfect zoo, what would you include to keep the animals happy and healthy?

Do you think zoos help people care more about animals and nature? Why?

Invitational Prayer:

Dear God

Thank you for the wonderful animals you created. Help us to care for them with kindness and compassion, ensuring they have everything they need to live happy and healthy lives. Teach us to respect all your creation, today and always.

Amen
